## Practice Test Instructions

1. Make sure your response directly addresses the question asked.
2. You may find it useful to plan out a response on draft paper first then produce a coherent and considered response to the topic.
3. Give yourself **30 minutes** to complete the test (as there are 30 minutes in the final test). We suggest setting up a test environment and timing yourself so it's similar to the final test.
4. Work as quickly and accurately as you can.
5. To obtain an accurate result, **a dictionary and other resources or devices should NOT be used** for this Practice Test.

## Practice Test Review

There are no answers or sample pieces available for this Practice test. However, you can ask a teacher, tutor or someone with very good English writing skills to point out any mistakes or areas which can be improved. You can then continue practising by writing another piece based on a different topic.

The Written Expression Task final test will be assessed against the following criteria:

- an ability to use language to communicate your point of view convincingly
- an ability to construct and organise sentences and paragraphs logically and fluently to form a cohesive piece of writing
- an ability to choose appropriate and effective vocabulary
- an ability to use accurate spelling, grammar, sentence structure and punctuation
